

Bricolaged sounds

like an ionized cloud  
formless

we broke down that baffling  
too many times

oblique, fuzzy [sets]  
or  
contiguous fragments

whom/which do tell  
inseparable variations  
disguised and displaced  
nominal definitions

desires injunctions

{partial objects} abound

but            abject            until

reference left behind  
consistency again

TOTALIZED            MEANING

hear the 'urdoxa'  
begin  
this is what thinning brings  
cries and gasps are the unarticulated groundless

stunned

petrified

stalled engines halted  
flows aborted open

Love is an endless process,  
not an empty goal to be hoarded
